## Message from the Editor

Dear Members,

I have had a wonderful year with KQG as the editor of 'Snippets'. I would like to thank all of you, who've made my job a happy one through your positive feedback and encouragement. Very special thanks also go to Gill Rebello, who had the foresight to see that I could handle this job, and whose faith and encouragement has motivated me throughout.

I have learned a lot from this experience and I have especially enjoyed interacting with the Executive Committee and contributing towards our plans for the year.

I take this opportunity to wish the new committee a wonderful year ahead.

## **Chairperson's Report 2010-2011**

Dear Members,

As we come to the end of our Annual Year 2010, it is a good time to pause and take a look at our achievements and successes during the year.

2010 has been an eventful year, and has seen the Guild move to the next generation, embracing and making full use of the new technologies available today. With the opening of our blog page thanks to Dean Crain and moving a lot of our correspondence to email, making us more efficient thus adding to our successes in the year.

Moving on to other key events during the year; we held our Exhibition in October 2010 which showcased some of our members' best works. Deanna Gaudaur was the proud winner of our first prize, a Bernina Sewing machine, kindly sponsored by Bernina in conjunction with The Woman Shop. The Exhibition Raffle collections were donated to Charity.

In addition to this we have had visits from teachers like Bev Rebelo, Sarah Brewin and finally our celebrity duo Alex Anderson and Ricky Tims who joined us for tea at our January meeting. All leaving a mark on our lives and quilting experience that will remain with us for our lifetime.

I would like to thank Gill Rebelo, Raji Syan and Deanna Gaudaur for the demonstrations at our Monthly meetings. These have been very informative and enlightening.

During the year, our Challenge Quilt went very well and we look forward to our members taking up the next African Quilt Challenge, hosted by Maggie Relph. Good Luck!

As December came about so did our Christmas Party that was extremely fun and enjoyable. It was generously hosted by Bibiana Pereira at her lovely home, she did a brilliant job of making it a success with the help and support of the Members.

Finally I would to thank the Committee this year who have been very supportive and the driving force to making 2010 the success it was.

I would also like to wish the new Executive Committee that comes into office today, Good Luck and I am sure all Members will support them in assisting to take the Guild from Strength to Strength.

All the Best and God Bless.

Jasvinder Phull  
Outgoing Chairperson

## March Meeting: Quilt-As-You-Go

Demonstration on 'Quilt-As-You-Go'  
by **Martine and Jasvinder** - 24th March 2011

**Quilt-As-You-Go** is a wildly popular quilting technique these days. As you might suspect from the title, it allows you to quilt as you piece, rather than piecing the entire quilt and then quilting it. Not only is it a time saver, it is also an easier method of putting blocks together to get a quilt ready to bind. Fast and furious! This is mostly by machine, and a tiny bit by hand. Quick, simple and versatile, it is very good for beginners as the quilt grows very quickly.

If you have any work using this method, please bring it along to the meeting.

The first workshop, **Beautiful Bindings**, is a must for every quilter, an introduction to finishing quilts with top quality bindings. This workshop will be offered immediately following the **19th May** Guild meeting. Bring your Student Supplies and a packed lunch to the meeting in the morning. You will set up and begin working immediately after the meeting finishes so everyone can receive 3 full expect to leave before rush hour traffic becomes too heavy.

Dena has taught **Darned Quilts** all over the world. Now we're to have her teach this exciting workshop in Kenya! Working with gradation fabric bundles, now available at The Woman Shop, students will learn how to construct a freehand cut and pieced background, stabilize the background with fusible interfacing and embellish it with all kinds of decorative trims and stitches. From that amazing initial construction, you will cut and swap identical shapes to play contrasts in value and color to the max! What fun, and what a fresh approach to patchwork! Bring your Student Supplies, and a packed lunch and snacks for the day, or join us for pizza ordered in from L'Arena next door.
